## SAYING “I DO”

Choose a civil ceremony with us or a church service in one of the many nearby picturesque churches.

We can host wedding ceremonies for up to 80 day guests and 120 evening guests.

Ceremonies can be personalised with readings and music of the couples own choice, providing that these comply with the registrar's requirements.

After the wedding ceremony the newly weds can lead their guests to a drinks reception in our bar or courtyard where everyone can enjoy our beautiful gardens.

Once you have made a provisional booking for your Wedding Ceremony you will need to contact the Registrar to check availability or make a booking.

## THE RECEPTION

Our flexible approach allows you to choose food & drinks to suit individual tastes.

There's no set menus & plenty of options to make your wedding planning stress free. Celebratory drinks following the marriage tend to be served in our bar area.

These can also be accompanied by homemade canapés, both savoury and sweet. Your guests can enjoy these whilst photos are being taken.
